# Use TapToTalk Designer to customize TapToTalk for your child

## It's as easy as 1-2-3

### 1. Choose your pictures

- Choose from our library of over 2500 pictures
- Add your own pictures or photos
- Add pictures from other sources

### 2. Add text and sounds

- Choose the language
- Choose the vocabulary
- Choose the voice and accent
- Record your voice or use text-to-speech

### 3. Organize picture albums

- Each page in an album can have up to 12 pictures
- Each picture on a page can lead to another page
- Each album can have hundreds of pictures
- "Publish" up to 12 albums to any of our supported devices
